

# GRADE LEVEL STANDARDS

Standards describe the goals of schooling, the destinations at which students arrive at the end of the unit or the term. The standard does not prescribe how to get the students to this destination – that is determined by the curriculum within each school and every classroom. Standards are the WHAT of education while curriculum and instruction are the HOW.

Standards are tied to the Six Tasks of Catechesis. Therefore, it will be much easier for teachers to assess students because lessons will be developed that are tied to the tasks. In addition, an end of year assessment will be developed for each grade level.
