

**Washington/Alaska
Chapter**

YES! I will help fight blood-related cancers!

In recognition for the efforts of Kathy Marion

Who is participating in the ~~Vancouver Marathon~~

My donation is in honor of:

My donation is in memory of:

Name: _____

Address: _____

Phone:#: _____

Please circle the appropriate contribution below:

- \$32.00 Prescription for anti-nausea medicine.
- \$54.00 One week of low grade chemotherapy.
- \$75.00 Screening for bone marrow donor.
- \$100.00 Monthly blood analysis.
- \$200.00 Blood transfusion.
- \$350.00 Daily salary for medical researcher.
- \$500.00 Blood chromosome analysis.
- _____ Be creative! \$ _____
- _____ My company will match this contribution!
- _____ A matching gift form from my employer is attached.
- _____ Bill my Visa Master Card American Express

Card # _____ Exp. Date _____

Signature _____

Alaska Airlines Mileage Plan Number
Donation of \$100 or more only

Please make checks payable to The Leukemia & Lymphoma Society
and
mail your contribution to Kathy Marion at the address below:

St Joseph School
700 18th Ave E
Seattle, Washington 98112

Or drop off in my box

Thank You!

My Pledge to you

I have joined a very special Team in Training of more than 30,000 participants nationwide. We will run, walk or cycle in established marathons or century rides for a reason much more important than the personal challenge. As a member of the Team, we participate in these marathons and century rides on behalf of local survivors of Leukemia, lymphoma and other blood-related cancers.

It is estimated that leukemia and related cancers struck more than 107,000 Americans last year. Lymphoma rates rose more than 70% over the past 25 years, accounting for more than 454,000 diagnosed Americans. Although the cause of these cancers remains unknown, steady advances in research and treatment are bringing us closer to cures. In fact, thanks to research funded in part by The Leukemia & Lymphoma Society, the survival rate for the most common form of childhood leukemia has improved from 4% in 1960 to nearly 80% today.

About The Leukemia & Lymphoma Society

The Leukemia & Lymphoma Society is a not-for-profit, voluntary health organization whose mission is to cure leukemia, lymphoma, Hodgkin's disease and myeloma, and improve the quality of life of patients and their families. The Society provides funding for research, public and professional education, advocacy, patient and community service programs.

Why we need your help

Funding for research is imperative to help the Society accelerate cures. Over the years, our research has proven to be the window of hope for potential cures for other forms of cancer. Bone marrow transplantations as well as chemotherapy – the backbone for treatment of most forms of cancer – stemmed from leukemia research.
